

Hi! How are you?

Thanks for opening my resume and giving me a chance. I'm sure you won't regret that!

I am a **29 yo guy** born and raised in Prague and I'm still living here. Although I would like to live and work abroad again for some time in near future. I am **cheerful**, smart (relatively), loyal, creative, **funny** (even more relatively), friendly, **responsible** and enthusiastic.

2013 Jönköping University (JIBS)

Erasmus with focus on marketing
Jönköping, Sweden

till 2015 University of Economics in Prague

Corporate economics and management,
Minor in marketing, Bachelor & Master,
Prague, Czech Republic

Gymnázium Nad Alejí

till 2009 Secondary grammar school
with focus on languages
Prague, Czech Republic

I love learning new languages, discovering new cultures and generally **meeting new interesting people** from different countries.

I love **everything creative**, music, snowboarding, good food, **traveling**, my friends, Prague, books, movies & tv shows, **gin & tonic** and my family.

for ever Freelance

I've been working on side as a graphic designer and coder for many clients, but mainly for e-shop owners, who wanted to spruce up their websites.

till 2018 Chefparade s. r. o.

I've been kinda doing everything here...
From graphic design and coding through emailing and social media to anything IT and basically solving any problem that occurred in e-commerce business.

till 2015 Czech University of Life Sciences

I was helping with organising events, dealing with foreign students and also doing basic admin work and graphic design at the International office for Erasmus.

I think I'm pretty **good at learning by doing**, especially if it comes to something I really enjoy. I've learned **HTML and CSS** by myself and I would like to learn Javascript soon. I never got much into motion design or 3D (except for Google SketchUp), but I want to look into it deeper soon.
